

**CONTENTS OF LIVESTOCK PRODUCTION SCIENCE,  
VOLUME 23**

**VOL. 23 NOS. 1-2**

**OCTOBER 1989**

Sexing bovine embryos with monoclonal antibodies against the H-Y antigen P. Booman, L. Kruijt, R. Veerhuis, A.M. Hengst, M. Tieman and F.E. Ruch (Zeist, The Netherlands) .....	1
Selection experiments for body composition in mice and rats: a review E.J. Eisen (Raleigh, NC, U.S.A.) .....	17
Genetic relationships between level of production in different lactations, rate of maturity and longevity in a dual purpose cattle population J. Solkner (Vienna, Austria) .....	33
Restricted maximum likelihood (REML) estimation of genetic parameters for type traits in Normande cattle breed J.J. Colleau (Jouy-en-Josas, France), C. Beaumont (Monnaie, France) and D. Regaldo (Paris, France) .....	47
Analysis of relationships between veterinary recorded production diseases and milk production in dairy cows O. Distl, A. Wurm, Glibotic, G. Brem and H. Kraußlich (Munchen, F.R.G.) .....	67
Genetic analysis of some maternal reproductive traits in the Belgian Blue cattle breed R. Hanset, C. Michaux (Bruxelles, Belgium) and G. Detal (Ciney, Belgium).....	79
Dairy cattle cross-breeding in the tropics: performance of secondary cross-bred populations O. Syrstad (Ås-NLH, Norway) .....	97
Effects of the ingestion of warm, cold and frozen food on thermal balance in cattle A.M. Nicol and B.A. Young (Edmonton, Alta., Canada) .....	107
Cattle liveweight sampled on a continuous versus intermittent basis D.M. Anderson (Las Cruces, NM, U.S.A.) and D.L. Weeks (Stillwater, OK, U.S.A.) .....	117
Direct, maternal and heterosis effects for slaughter and carcass characteristics in three breeds of fat tailed sheep A. Farid (Shiraz, Iran) .....	137
Description and evaluation of a linear scoring system for exterior traits in pigs E.J. van Steenbergen (Wageningen, The Netherlands) .....	163
Between- and within-herd variation in the digestibility of feed for growing-finishing pigs A.R.W. Elbers, L.A. den Hartog, M.W.A. Verstegen and T. Zandstra (Wageningen, The Netherlands) .....	183
Lysine and threonine balance and requirements for weaned piglets 10-25 kg liveweight fed cereal-based diets F. Gatel and J. Fekete (Vendome, France) .....	195
Sow replacement: a comparison of farmers' actual decisions and model recommendations A.A. Dijkhuizen, R.R.M. Krabbenborg and R.B.M. Huirne (Wageningen, The Netherlands) .....	207

**VOL. 23 NOS. 3-4****NOVEMBER 1989**

A review of the potential of nutrition to modify milk fat and protein J.D. Sutton (Maidenhead, Gt. Britain) and S.V. Morant (Thames Ditton, Gt. Britain) .....	219
A simulation study comparing methods of within-herd estimation of breeding values for dairy cows J.H.J. van der Werf, J. Kamphof (Wageningen, The Netherlands) and H. van der Broek (Arnhem, The Netherlands) .....	239
Heterosis for milk production traits by crossing Red Danish, Finnish Ayrshire and Holstein Friesian cattle J. Pedersen and L.G. Christensen (Tjele, Denmark) .....	253
The value of daughters of bull dams in dairy cattle progeny testing schemes T.H.E. Meuwissen (Zeist, The Netherlands) and J. Ruane (Edinburgh, Gt. Britain) .....	267
Feed intake and utilization of maize silage-based complete diets by Australian Friesian cows and heifers at various stages of lactation J.B. Moran and T.E. Trigg (Kyabram, Vic., Australia).....	275
Use of embryo transfer to produce twinning in beef cattle: postweaning performance of calves M.E. Davis (Columbus, OH, U.S.A.) .....	295
Pregnancy rate, calf mortality and calving date in unsupplemented Hereford range cows D.E. Ray (Tucson, AZ, U.S.A.), S.B. Itulya (Nairobi, Kenya), C.D. Roubicek (deceased) and C.R. Benson (Platteville, WI, U.S.A.) .....	305
Apparent and true digestibility of protein and amino acids in the small intestine of sheep as related to the duodenal passage of protein and non-protein dry matter J. van Bruchem, L.J.G. Bongers, S.C.W. Lammers-Wienhoven, G.A. Bangma and P.W.M. van Adrichem (Wageningen, The Netherlands) .....	317
The effect of environmental temperature on metabolic rate and partitioning of energy intake in breeding boars B. Kemp, M.W.A. Verstegen and L.A. den Hartog (Wageningen, The Netherlands) and H.J.G. Grooten (Helden, The Netherlands) .....	329
<b>Publications of Interest</b> .....	341
<b>Book Review</b>	
Sheep growth.....	345
<b>EAAP-NEWS</b> .....	347
<b>Author Index</b> .....	365
<b>Subject Index</b> .....	369
